

Firelogue

Cross-sector dialogue
for Wildfire Risk Management

Fire Up the Dialogue

About the project

Firelogue is a European project, funded under the Horizon 2020 Green Deal Call, bringing together experts in the field of Wildfire Risk Management (WFRM) from across Europe. From researchers to civil society organizations, partners will use their vast knowledge and experience to develop fair and just measures for a European WFRM.

15 Partners **4** Years **9** European Countries

Our Mission

Our mission is to create a space and the conditions to boost communication within the WFRM community and society, as well as retain and share the knowledge and the experiences gathered alongside the showcase of innovative actions and products.

Our Goal

Firelogue aims to create a dialogue and empower the WFRM community to face the current and future wildfire challenges. Firelogue is going to act as an exchange enabler of knowledge through the aggregation of experience and best practices of all stakeholders.

Our Values

Firelogue values are based on the common identity of all the partners involved in the project with a strong focus on Cooperation, Synergies, Awareness, Dialogue, Sustainability, Research and Development, Innovation and Science, under the umbrella of Just Transition concept.

Knowledge Exchange and Networking

5 WORKING GROUPS

Environmental / Ecology - Societal - Infrastructure -
Insurance - Civil Protection

Green Deal
Innovation Actions

Innovation Actions aim at producing plans and arrangements on improved research products, technical solutions and services regarding the three phases of Wild Fire Risk Management.

**Prevention and Preparedness - Detection and Response -
Restoration and Adaptation**

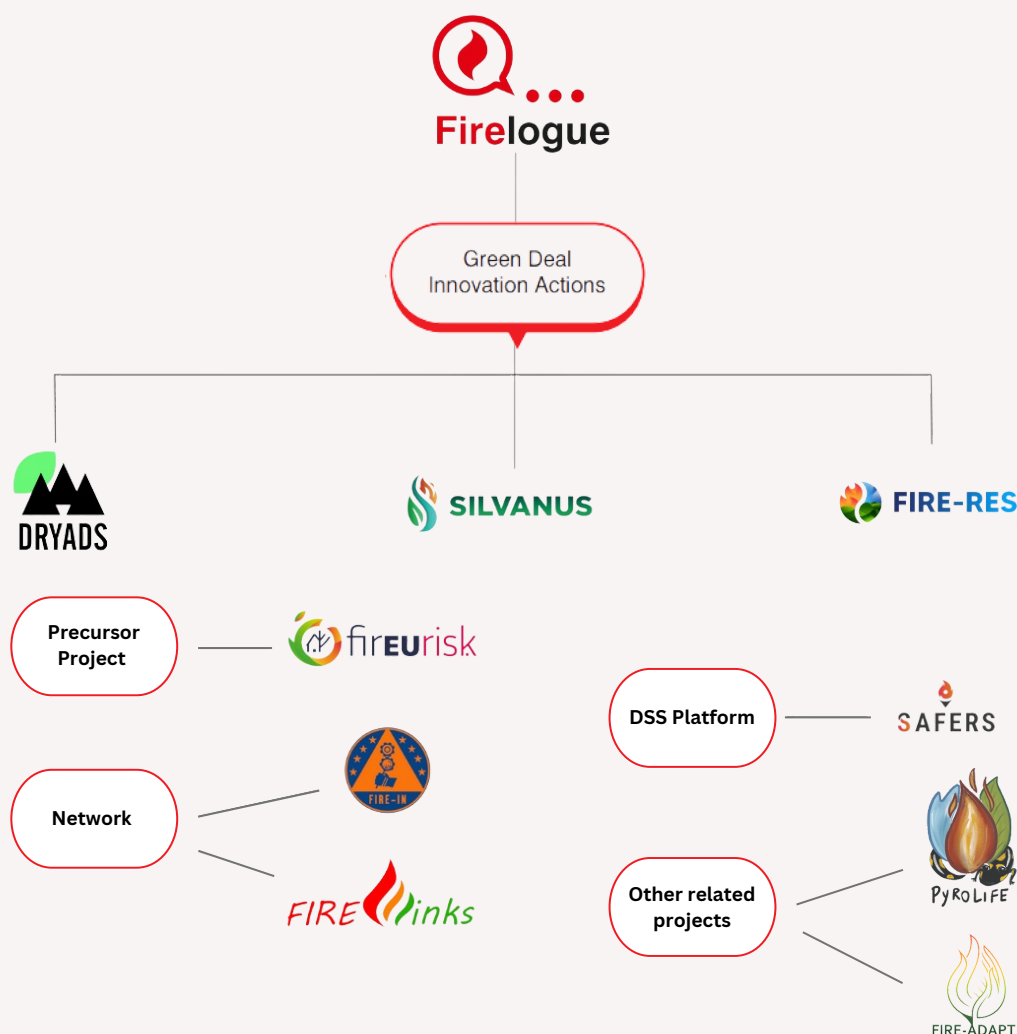

#EUFireProjectsUnited

EUFireProjectsUnited is a dynamic initiative by Firelogue to bring together several innovative fire-related projects in Europe. Launched in April 2022, this initiative brings together communication experts from **Firelogue**, **FIRE-RES**, **SILVANUS**, **TREEADS**, **FirEUrisk**, **SAFERS**, **FireLINKS** and **FIRE-IN**.

Through EUFireProjectsUnited, the projects are collaborating to create common dissemination actions and joint participation in fire-related events. This initiative has already made an impact, with the creation of communication materials for fire-related international days and participation in numerous events throughout Europe.

Use our hashtag #EUFireProjectsUnited to mention us on twitter.

If you want to join this initiative send us an e-mail to:

Firelogue Platform

In the context of the Firelogue Project, the “Lessons on Fire powered by Firelogue” platform was launched in March 2023, designed to connect services and stakeholders. It is intended to be an area for information, innovative solutions and services provided by the Innovation Actions (IAs) about the WildFire Risk Management (WFRM) community

Become an active member of the platform, interact with other experts and stakeholders and submit relevant news, events, case studies, scientific papers and more.

Discover this online WFRM Community!
