# Fire Up the Dialogue

# About the project

Firelogue is a European project, funded under the Horizon 2020 Green Deal Call, bringing together experts in the field of Wildfire Risk Management (WFRM) from across Europe. From researchers to civil society organizations, partners will use their vast knowledge and experience to develop fair and just measures for a European WFRM.

**15** Partners **4** Years **9** European Countries

## Our Mission

Our mission is to create a space and the conditions to boost communication within the WFRM community and society, as well as retain and share the knowledge and the experiences gathered alongside the showcase of innovative actions and products.

## Our Goal

Firelogue aims to create a dialogue and empower the WFRM community to face the current and future wildfire challenges. Firelogue is going to act as an exchange enabler of knowledge through the aggregation of experience and best practices of all stakeholders.

## Our Values

Firelogue values are based on the common identity of all the partners involved in the project with a strong focus on Cooperation, Synergies, Awareness, Dialogue, Sustainability, Research and Development, Innovation and Science, under the umbrella of Just Transition concept.
